

## Why Owners/CEOs Recommend South Florida Payroll Services!

Helping your organization to run as efficiently as possible is our goal. Our expertise is payroll and HR software development and the technology we provide your business will streamline your processes, lower your labor costs and provide you timely reports on the information you need.

- South Florida Payroll Services offers you one secure online application that combines your payroll, HR, benefits, and time and attendance systems into one system. We eliminate the purchase of installed software, IT involvement and the maintenance of multiple systems.
- Enter employee data once for payroll, HR, benefits, background checks, and time and attendance. Automate time collection and integrate it with payroll eliminating paper timesheets and the re-keying of data. Automate time off requests, and employee self-service with the convenience of online access.
- By accurately tracking time, reporting on labor distribution, overtime, unused deductions, accrued hours and the company's liability, you can better manage your labor costs. South Florida Payroll Services lowers your payroll costs as we typically charge less than our competitors, and you only pay one invoice per payroll for the services used.
- Our payroll system also tracks changes with an audit trail so that you can always determine what changes were made, who made the changes and when the changes were made.
- We offer a full online payroll application which is much more efficient and accurate than traditional payroll by paper check
- We maintain our payroll system at the highest level of industry standards for security and back-up.

Our goal is to be an asset to your business—your time is valuable and should not be spent on payroll details. Leave the details to us and go about building your business! [Click here to read our 6-point performance guarantee!](#)
