

Why Payroll Professionals Recommend South Florida Payroll Services!

Helping your organization to run as efficiently as possible is our goal. Our expertise is payroll and HR software development and the technology we provide your business will streamline your processes, lower your labor costs and provide you timely reports on the information you need.

- When you call our office a person answers the phone. If we are unable to help you immediately, you will be called back within a half hour, guaranteed!
- We offer a full online payroll service; you can access it any time any day.
- We offer SFPS Timeweb so that employees may clock in and out online. Supervisors can log in and approve timesheets; saving you valuable time from re-entering time sheets.
- From one screen you can access all employee information such as pay rates, and taxes, deductions, accruals, and HR information to make quick updates. In addition, you can use our Batch Editing feature to make changes to groups of employees at one time.
- You can set up customized deductions for your unique situation; as well as customized payroll reports (in addition to the standard reports we provide).
- We maintain our payroll system at the highest level of industry standards for security and back-up.

Our goal is to be an asset to your business—your time is valuable and should not be spent on payroll details. Leave the details to us and go about building your business! [Click here to read our 6-point performance guarantee!](#)
